Data Science & AI Student

Pursuing my data science and AI bachelor's degree at ICFAI Tech , Hyderabad. I am a curious and open person who is always trying to better himself. I have made my hands dirty by working with multiple languages and practical skills required in my field. I am confident about my proficiency in languages like C,Java,Python,and Javascript. I am a very practical person who looks through the analytical perspectives of the world and reviews them according to my needs.
